

FCC Commissioners  
The Federal Communications Commission RE: Docket 04-435  
445 12th Street, SW  
Washington, DC 20554

Dear FCC Commissioners ,

Please do not support the FCC's proposal to relax the restrictions on the use of cell phones on airplanes in flight. With the already existing rudeness and imposition that cell phone users display for what are generally non-urgent conversations, we certainly don't need to be trapped in someone else's conversation.

There is no hard evidence that cell phone use doesn't interfere with navigational instruments. The introduction of cell phone use will compromise flight attendants' ability to maintain order in an emergency. Cell phone use could also facilitate the coordination of a terrorist attack.

Please leave the current rules in effect.

Sincerely,

Simone Morgen
